Chiefs of Police Association

Accreditation is a progressive and time-proven way of helping institutions evaluate and improve their overall performance. The cornerstone of this strategy lies in the promulgation of standards containing a clear statement of professional objectives. Participating administrators then conduct a thorough analysis to determine how existing operations can be adapted to meet these objectives. When the procedures are in place, a team of independent professionals is assigned to verify that all applicable standards have been successfully implemented. The process culminates with a decision by an authoritative body that the institution is worthy of accreditation.

The Pennsylvania Law Enforcement Accreditation Program was designed and developed by professional law enforcement executives to provide a reasonable and cost effective plan for the professionalization of law enforcement agencies within the Commonwealth of Pennsylvania.

The Swoyersville Borough Police Department having fulfilled the necessary qualifications and mandatory requirements of the Pennsylvania Law Enforcement Accreditation Program of the Pennsylvania Chiefs of Police Association by voluntarily complying with the provisions of a professional law enforcement accreditation program by means of achieving and demonstrating the highest acknowledged standards as required by the Pennsylvania Accreditation Commission is hereby recommended and approved and authorized to receive a Certificate of Law Enforcement Accreditation.
